

# The Complete Threemilk's Youtube Channel Guide

The Threemilk channel was created on 13 October 2014<sup>1</sup>, the earliest known video was posted on 24 August 2016 and the last video posted on 22 February 2018. The channel had 50k subscribers at its peak and it was completely deleted soon after the last video was posted.

This guide compiles all the original descriptions, tags, dates and thumbnails from the original Theemilk channel that are only available now on the ASMR Index site<sup>2</sup>. There are archived descriptions of 116 videos there, all of them with surviving full resolution copies available online, with the only exception being the "LIVE STREAM/MUKBANG WITH ELLE!" that is completely lost for now. There are also 9 videos available on Youtube that were not catalogued by the ASMR Index and the first mukbang video that is not mentioned or archived anywhere, we only know of it's existence because the earliest video is called "Second Mukbang".

The thumbnails here are in the highest quality available on the site (the equivalent of the hqdefault.jpg on Youtube), unfortunately the HD ones (maxresdefault.jpg) are nowhere to be found. I reverse searched several thumbs on Google and Yandex, but only a few are archived elsewhere. They are not available on Wayback Machine either.

Unfortunately, all the videos before 18 May 2017 got their descriptions truncated by the site. I checked the ASMR Index's pages source code and the original individual videos links in the Wayback Machine, but they only archived the individual video pages after everything was deleted. I did manage to expand some of the entries with the hidden descriptions of a Wayback Machine snapshot<sup>3</sup> though.

There are also some discrepancies between the Wayback Machine and the ASMR Index, like some videos missing where they should be in the archived Youtube feed. But, as this information is not available anywhere else, I have no other option than to trust the ASMR Index's date of creation of these videos.

P. S. All of the videos are listed in reverse chronological order, as they were in Youtube's standard view.

# VIDEOS LISTED ON ASMR INDEX

## Goodbye (to YouTube)

---

(Watch this video with any music you like. I couldn't find anything suitable.)

Transcript:

Hello everyone. You may have noticed that there are no longer any videos on my channel.

Before explaining why I deleted my videos and why I didn't give a warning, I would like to thank you.

I'm grateful to my very friendly viewers who have subscribed, liked and commented on my videos, visited me at my Twitch streams, and supported me through Patreon. I've had a lot of fun times interacting with you. I can even call some of you my friends.

This will be the last video on the threemilk YouTube channel, and I will no longer be using any of my threemilk social media accounts.

As some of you know, my channel has attracted a great deal of negative attention from internet bullies as well as obsessive "fans." I had hoped that over time most of these

viewers would lose interest and I would no longer have to worry so much about my privacy and personal reputation. Unfortunately, this has not been the case and I continue to receive harassment.

To avoid ending up in my position, I would advise anyone who enjoys social media to be careful to protect their privacy. You may have good intentions, but not everybody does. Your content can be stolen and twisted. Even harmless content may be used to objectify and bully you. Don't be afraid, but do be aware.

I would have liked to warn my viewers about my channel deletion, but due to concerns about facing a flood of harassment I chose to explain after the fact. I gave this decision careful thought and I hope you understand.

Another reason I have chosen to end my channel is because I find it hard to express myself clearly through YouTube vlog style videos. I always try to be honest, but despite my efforts, I feel as though I am being somehow disingenuous. My videos aren't an accurate representation of who I am as a person. They are things I created with good intentions, but they're not me. Knowing someone by talking to them personally is difficult. Knowing someone by watching a vlog is impossible.

On a lighter note, I have naturally outgrown my channel over time. I enjoy creative work and by ending my channel I will have more freedom to work on new projects without being hassled by bullies or pigeon-holed into a YouTube genre. I'm looking forward to trying new things in the future. Although I did have some struggle with my channel, I don't regret "threemilk," nor am I discouraged from pursuing any creative ideas.

I hope my kind viewers are also feeling brave and motivated to chase their dreams in the midst of any obstacles. Be nice and have fun everyone :)

More about what will happen with my social media:

Starting on Saturday, February 24th, at 4 PM CT, I will be streaming for 24 hours on my Twitch channel as a goodbye celebration. After the 24 hour stream, there will be big changes. I will be streaming only once a month, and my friend Haley will begin streaming on the channel, more regularly than me. When neither of us is online, guest streamers may appear.

My Discord will not be deleted, and I may visit there occasionally.

My Instagram is empty, and I will not be posting any more pictures there.

My Twitter is also empty, but I may still use it to update about streams.

I will be deleting my Patreon account soon. Patrons, please see my Patreon page for more information. I will complete all rewards by the end of this month, but I won't accept any

more pledges, new or ongoing.

Conclusion:

Thank you again for all your support. If you have any questions, feel free to ask them in the comments section of this video. I will not be answering questions through private messages on any platform.

Enjoy the rest of your year!

## Clips from This Week's Failed Videos

---

I filmed two videos this week but they both kind of came to nothing. I hope you enjoy these clips until I can make a full video. I'm sorry for the inconsistency. I plan to film an ASMR video this weekend.

First clip: trying to sing "The Fox In The Snow" by Belle and Sebastian

Second clip: cuddling my dog Pam

DAOKOさんの「水星」を歌ってみたけどやっぱりだめでした。(ラップ初めてだし、キーが高かいし...)

この部分だけ投稿したかったので今日は短い動画ですみません。いつもご視聴ありがとうございます。

I got too ambitious with video ideas this week and I tried to do a cover of 水星 (Suisei/Mercury) by Daoko, a Japanese rapper who I really like. I messed up the chorus really badly because it's very high pitched, but I wanted to upload something, so here's the first verse. I hope you enjoy this small clip! This is my first time trying to rap, so excuse my lack of skill. Thank you for watching!

Today I had fake sausages, fried potatoes (plus mushrooms and onions), mango, and pineapple. Thank you for watching! By the way, sorry if the story I told in this video is partially a repeat. I'm pretty sure I told some of it before. I might start thinking of stories to tell in mukbang. Let me know if there's anything specific you'd like me to talk about.

## MUKBANG: Spring Rolls, Cherries, Ice Cream

---

Today I ate spring rolls, cherries, and an ice cream bar and talked about the film, "Dancer in the Dark." I rambled and contradicted myself a lot. Summary: I loved this movie and was very moved by it. I found it interesting that the movie was rife with tropes yet emotionally convincing. I loved Bjork's performance and music. Also, I didn't mention this in the video, but the director is a big jerk. Other notes:

I'm sorry for the lack of uploads this week. I'm going to try to make it up this weekend.

I edited a lot of background noise out of this video. The overall sound might be somewhat damaged.
